

## **Warehouse Solution**

High Bay | LED Strip | Vapor Tight

# START SAVING

Our comprehensive suite of lighting offerings include:

- 1** LED High Bay
- 2** LED Strip / Vapor Tight

# ENERGY SOLUTIONS

## LED High Bay

1

LED UFO High Bay Light

LED Moon Series Low Bay

LED Linear High Bay

LED Linear High Bay

## LED Strip / Vapor Tight

2

VISION LED Strip Light

LED STD Strip

VISION LED Strip Light

# SAVING EXAMPLE

## Energy Savings:

At \$0.10 per kWh, energy savings is estimated at \$90 per fixture, based on saving approximately 200 Watts per fixture for 12 hours per day. If your facility has 48 LED fixture (conservative for many areas), this annualized savings would be \$4,320.

## Maintenance Savings:

The average cost to maintain a LED fixture is \$100 (lamp cost + labor/trip charge). This does not factor in any inconveniences or service interruptions caused by unlit areas. Over the extended 100,000 rated life of an LED fixture compared with an HID lamp, this saves approximately \$500 per fixture in labor. 48 fixtures x \$500 = \$24,000.
